Challenges

- Forecasting difficult
- Budgeting process
- Communicate and transmit requirements to contractors
- Limited strategic contractual coverage
- Substance for strategic relationships
- Quantify value added of potential PSCM initiatives
- Law & policy inhibit maximizing efficiencies

Potential Solutions

- Forecasting
  - MICAPS
  - Determine repairable life cycle
  - Stock long lead items
- Budgeting process
  - Continuous delivery contracts
- Communications
  - Pre-established contracts to permit communication
  - Engineering champion
  - E-practices to transmit requirements

Potential Solutions Cont:

- Limited contractual coverage
  - Establish like item lists (LIL)
  - Develop multiple award ID/IQ contracts for each LIL
- Strategic relationships
  - DELPHI metrics for successful relationships
  - What can we do for you?
- Quantify value of PSCM initiatives??
- Law and policy
  - Bundling
  - Five year contracting limit?
